VCM Group

The foundation stone was set in 1979 as a single company with production of video cassettes, which still exists in the company's name. With innovative ideas and high quality awareness our owner-managed company is one of the leading provider / manufacturer of media furniture, TV support systems and small furniture.

Our top priority is to see the world with new eyes, to always surprise and inspire with new innovations. Openness, flexibility and trust are the basis for the success of our company group.

The driving forces behind the VCM success story are to have a deep understanding of customer wishes, trends, visionary thinking as well as the effort to never stand still.

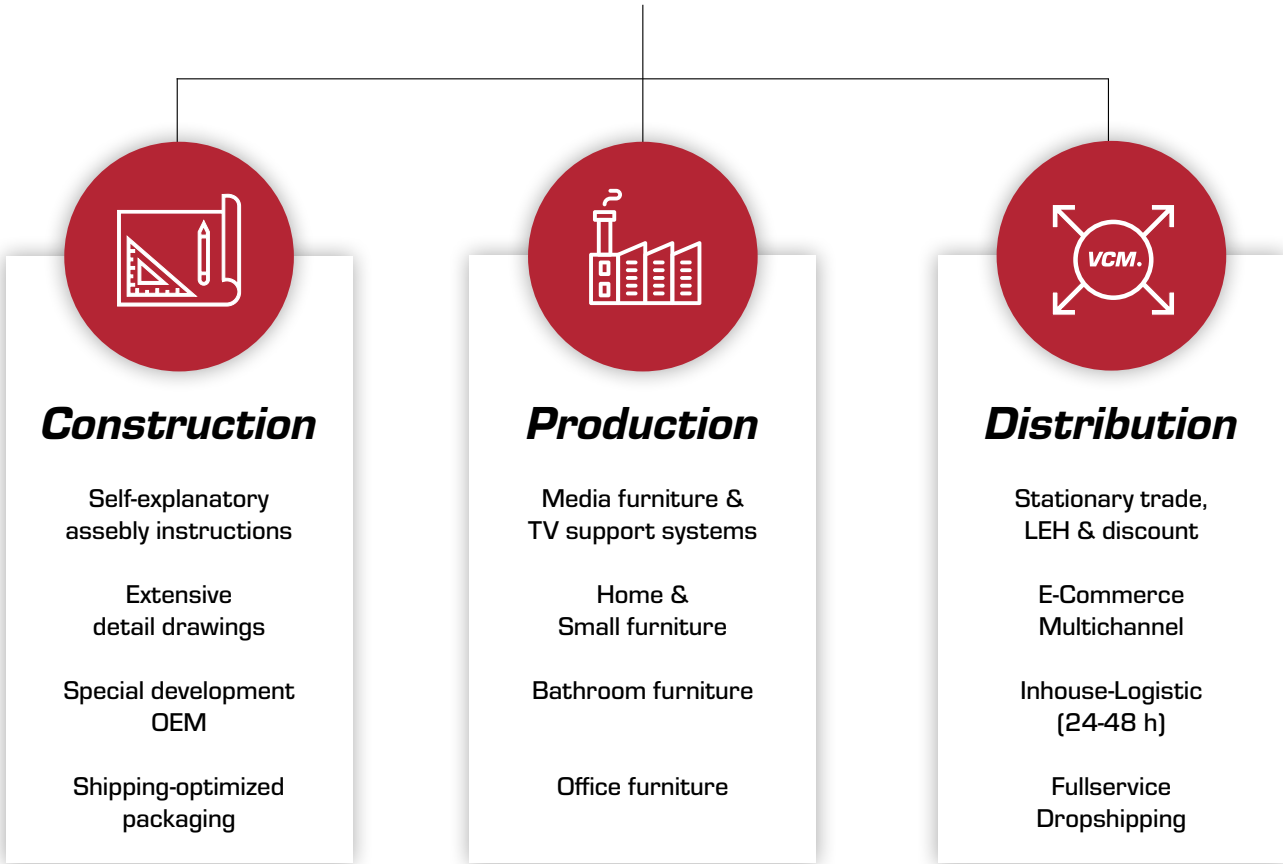

Millions of sold items prove the high customer satisfaction. Our goal is to continue to develop in the future - for every single order!

Margot Morgenthaler
CEO

Andree Morgenthaler
CEO
